Quality Manufacturer & Distributor of Metal Roofing and Siding

RPS is a top-quality manufacturer of metal roofing and siding panels located in Welaka, Florida. Our company has state-of-the-art equipment resulting in fine quality metal roofs for commercial, residential, and agricultural use. Founded in 2001, RPS manufactures a variety of sizes and offers an array of colors for the best possible roof. RPS Metal Roofing and Siding stocks everything needed to install your roof package.

Being family owned and operated here at RPS, we believe in selling a quality product at reasonable prices. With our honest service, you can count on us every step of the way. A large portion of our business comes from referrals and without honesty and quality products they wouldn't be spreading the word. Call us today to find out for yourself.

Your roofing materials will be custom fabricated to your exact specifications – plus you'll be able to choose from many colors and your order can usually be available for pick up the next day.

There are so many great reasons for you to choose metal roofing:

- » Outlasts shingles
- » Up to 23% energy savings for cooling and heating
- » Metal reflects, doesn't absorb heat like shingles
- » Withstands hurricane winds up to 160 miles per hour
- » By installing a metal roof or by having one of our licensed and insured referrals install your metal roof you'll never worry about it again

WEATHER XL WARRANTY

RPS Metal Roofing & Siding, Inc., (RPS) is pleased to offer this forty (40) year limited warranty to the herein identified customer (CUSTOMER) concerning sales of paint coated roofing and siding panels utilizing Valspar Weather XL Paint Coating (PRODUCT) installed in the continental United States.

Section I: What is Covered by the Limited Warranty

Although it is recognized by RPS and CUSTOMER that most paint coatings, including the paint coatings applied to PRODUCT, will fade and change appearance to some degree over a period of time in outdoor installations, and that such changes may not be uniform between surfaces not equally exposed, RPS warrants that the paint coating on PRODUCT will conform to the performance standards listed below under normal atmospheric conditions.

1. For forty (40) years from the date of installation, paint coating on PRODUCT will not peel, flake or otherwise lose adhesion to an extent that is apparent on ordinary outdoor visual observation. Note: Slight crazing or cracking may occur on roll formed edges or break bends at the time of forming and is considered as standard – such crazing or cracking shall not constitute a basis for complaint under this limited warranty;
2. For thirty (30) years, sidewall panels of PRODUCT will not change color more than five (5) delta E Hunter units and roof panels will not change more than seven (7) delta E Hunter units when measured per ASTM D 2244 on clean surfaces after removing dirt, other surface deposits and chalk per ASTM D 3964. Furthermore, sidewall panels of PRODUCT will not chalk more than a number eight (8) rating and roof panels more than a number six (6) rating when measured per ASTM D 4214, Method A
3. For twenty-five (25) years from the date of shipment of PRODUCT from RPS's vendor to RPS, PRODUCT will not as a result of corrosion: rupture, fail structurally or perforate.

Section II: What is Not Covered by the Limited Warranty?

RPS is not responsible for and provides no warranty for damage or conditions resulting from circumstances beyond RPS's control, to include, without limitation:

1. PRODUCT which is installed within 1000 meters (3250 feet) of either salt water or brackish shoreline at mean high tide or other marine environment.
2. PRODUCT which has suffered scratching or abrasion or has been damaged by abrasive or chemical cleaners; has been abused, altered, modified, used in a manner not originally intended, or stored contrary to recommendations of RPS, the paint manufacturer, or the coil coater, or contrary to good industry practice as discussed in "Tool Kit #1: Preventing Job Site Storage Corrosion on Repainted Building Panels," published by the National Coil Coaters Association; has been damaged due to moisture entrapment in coil and/or bundles during transit or storage, has been stored or installed in a way which allows standing water on the coating or in any chemically aggressive environment (containing such substances as fumes, ash, salts, dirt, grease, or high humidity); has been stored or installed in such a way that allows contact with animals and/or animal waste or its decomposition products; has suffered from improper forming, fabrication or embossing; or develops any other condition between the coating and the substrate which causes the coating to degrade or delaminate.
3. PRODUCT which has not been installed in accordance with applicable building codes, product approvals, and the manufacturer's specifications and instructions as outlined in the then-current published technical data sheets and/or installation guides.
4. In the case where metal coil or flat sheets are supplied by RPS and the finished PRODUCT is roll formed or otherwise fabricated by another entity, RPS shall have no liability for damage which RPS attributes to the fabrication process by another entity.

Other Excluded Situations:

1. Mechanical, chemical or other damage sustained during shipment, storage, forming, and fabrication, during or after erection.
2. Failure to provide free drainage of water, including internal condensation, from overlaps and all other surfaces of the sheets or panels.
3. Failure to remove debris from overlaps and all other surfaces of PRODUCT.
4. Damage caused to the metallic coating by improper roll forming, scouring or cleaning procedures.
5. Deterioration of PRODUCT caused by contact with green or wet lumber or wet storage stain caused by water damage or condensation.
6. The presence of damp insulation or other corrosive materials in contact with or close proximity to PRODUCT.
7. Deterioration of PRODUCT caused directly or indirectly by contact with fasteners. Selection of suitable long-lasting fasteners to be used with PRODUCT rests solely with CUSTOMER.
8. Slopes of roof or sections of the roof flatter than 1/4:12.
9. Bends less than 2T for sheet thickness 0.030" and thinner and less than 4T for sheet thickness 0.031" and thicker or forming which incorporates severe reverse bending or which subjects coating to alternate compression and tension.
10. Cut edge corrosion.

WEATHER XL WARRANTY

Section IV: Exclusive Remedy

CUSTOMER's exclusive remedy and RPS's sole liability for non-conforming PRODUCT shall be limited to:

For warranty conditions 1 and 2:

RPS will pay for labor and material reasonably necessary to repaint, repair or replace, at RPS's sole option, the non-conforming PRODUCT.

For warranty condition 3:

RPS will furnish to CUSTOMER, FOB CUSTOMER's job site, sufficient PRODUCT to enable CUSTOMER to replace the defective panels, or reimburse CUSTOMER for original cost of the defective PRODUCT, at RPS's sole option.

For all warranty conditions, RPS's liability shall not exceed the original purchase price of the affected metal panels (not including any accessories or attachments) or the remedy provided in any other warranty provided to the building owner, whichever is less, even if this limited warranty fails of its essential purpose. This warranty will continue to apply to any PRODUCT that was repainted, repaired or replaced due to a warranty condition, but only for the unexpired portion of the warranty period applicable to the original part. All Warranty work will be performed by RPS or any company, dealer, contractor, applicator or distributor selected by RPS. Since there may be a color variance between the replacement or repainted PRODUCT and that originally installed due to normal weathering (i.e. exposure to sunlight

Section V: Exclusion of Other Warranties

THIS LIMITED WARRANTY IS EXCLUSIVE AND IS IN LIEU OF ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHER WARRANTY OF QUALITY, WHETHER EXPRESS OR IMPLIED, AND WHETHER WRITTEN OR ORAL. Correction of non-conformities in the manner and for the period of time provided herein shall constitute fulfillment of all liabilities of RPS to customer with respect to or arising out of the good whether based on contract, negligence, strict liability in tort, or otherwise.

Section VI: Limitation of Liability

RPS shall not, under any circumstances be liable for special or consequential damages, such as, but not limited to, damage or loss of other property or equipment, loss of profits or revenue, cost of capital, cost of purchase or replacement of other goods, or claims for business or service interruptions. The remedies of CUSTOMER set forth herein are exclusive.

Section VII: Other Terms

CUSTOMER agrees that its use of PRODUCT is made in reliance upon this limited warranty and not upon any other written or oral representation of RPS. This limited warranty cancels and supersedes any other warranty or statement of performance made in the past or in the future by RPS unless such statement is subsequently made in writing as an express amendment of this document.

This is the complete and exclusive warranty. Is it issued only to CUSTOMER as the original owner of PRODUCT and is not assignable to any other party. As an inducement for RPS to make this limited warranty, customer also agrees that it will not state or imply that the warranty from RPS is transferrable or assignable.

Notwithstanding anything in this limited warranty to the contrary, with respect to (PRODUCT), in no event shall the warranty obligations of RPS SUPPLY to CUSTOMER exceed the limited warranty obligations of RPS's supplier of PRODUCT (SUPPLIER) extended to RPS SUPPLY (a copy of which will be provided to CUSTOMER upon request), and, in the event SUPPLIER is not in legal existence at the time of a CUSTOMER warranty claim hereunder, or otherwise fails (for any reason) to make good on its limited warranty obligations extended to RPS SUPPLY with respect to such warranty claim, RPS SUPPLY shall have no warranty obligations to CUSTOMER under this limited warranty with respect to such warranty claim.

The rights and obligations of the parties hereunder shall not be governed by the provisions of the UN convention on contracts for the International Sale of Goods; rather, these rights and obligations shall be governed by the laws of the State of Florida, USA. Any controversy or claim arising out of or relating to this contract shall be determined by arbitration on accordance with the Commercial Arbitration Rules of the American.

The place of arbitration shall be the County of Putnam, Florida USA. The language of the arbitration shall be English.

MILL FINISH GALVALUME WARRANTY

RPS Metal Roofing & Siding, Inc (RPS) is pleased to offer this twenty-five (25) year limited warranty to the herein identified customer (CUSTOMER) concerning sales of unpainted 55% aluminum zinc roofing and siding panels (PRODUCT) installed in the continental United States.

Section I: What is Covered by the Limited Warranty

RPS warrants PRODUCT as follows:

1. For twenty-five (25) years from the date of shipment of PRODUCT from RPS's vendor to RPS, PRODUCT will not as a result of corrosion: rupture, fail structurally or perforate when installed at least 1,500' from salt or brackish water.

Section II: What is Not Covered by the Limited Warranty?

This Warranty does not apply to PRODUCT exposed at any time to corrosive, aggressive, harmful or other abnormal atmospheric conditions, including but not limited to:

1. Areas subject to fallout of or exposure to corrosive chemicals, ash, fumes, cement dust, animal waste, or its decomposition by-products, fallout from copper, lead, nickel or silver mining or refining operations and carbon black.
2. Conditions and circumstances where corrosive fumes or condensation are generated or released inside the building.
3. Areas subject to water run-off from lead or copper flashing or piping or areas in contact with lead or copper or lumber containing same.
4. Areas subjected to constant spraying of either salt or fresh water.

Other Excluded Situations:

1. Mechanical, chemical or other damage sustained during shipment, storage, forming, and fabrication, during or after erection.
2. Failure to provide free drainage of water, including internal condensation, from overlaps and all other surfaces of the sheets or panels.
3. Failure to remove debris from overlaps and all other surfaces of PRODUCT.
4. Damage caused to the metallic coating by improper roll forming, scouring or cleaning procedures.
5. Deterioration of PRODUCT caused by contact with green or wet lumber or wet storage stain caused by water damage or condensation.
6. The presence of damp insulation or other corrosive materials in contact with or close proximity to PRODUCT.
7. Deterioration of PRODUCT caused directly or indirectly by contact with fasteners. Selection of suitable long-lasting fasteners to be used with PRODUCT rests solely with CUSTOMER.
8. Slopes of roof or sections of the roof flatter than 1/4:12.
9. Forming which incorporates severe reverse bending or which subjects coating to alternate compression and tension.
10. Bends less than 2T for sheet thickness 0.030" and thinner and less than 4T for sheet thickness 0.031" and thicker.
11. Cut edge corrosion.
12. This warranty applies only to the substrate and not to any paint coating that may be applied to the metal. A separate warranty is available for all RPS paint coatings.
13. Failure to install or handle PRODUCT in accordance with applicable building codes, product approvals, and the manufacturer's specifications and instructions as outlined in the then-current published technical data sheets and/or installation guides.

Section III: Customer's Responsibility to Enforce the Limited Warranty

CUSTOMER shall exercise diligence in inspection of PRODUCT received from RPS so as to mitigate repair or replacement. No warranty shall apply to panels that are installed despite containing defects discernable by reasonable inspection. Claims for any breach of warranty must be made within the period of this limited warranty. Claims must be reported in writing to RPS within 30 days of discovery, and RPS shall be given a reasonable opportunity to inspect PRODUCT claimed to be defective. CUSTOMER must prove that the defective materials were sold by RPS by means of proper identification of the material involved in the claim, including date of shipment by RPS, date of installation and RPS invoice number.

Section IV: Remedy

Customer's exclusive remedy and RPS's sole liability for breach of this limited warranty shall be limited to the cost of either repairing non-conforming panels, or at RPS's sole option:

1. Furnishing to Customer, FOB Customer's job-site, sufficient PRODUCT to enable Customer to replace the defective panels; or
2. Reimburse customer for the original cost of the defective PRODUCT.

MILL FINISH GALVALUME WARRANTY

Section V: Exclusion of Other Warranties

THIS WARRANTY IS GIVEN AS THE EXCLUSIVE WARRANTY AND EXCLUSIVE REMEDY, AND NO OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR PURPOSES ARE MADE, AND ANY SUCH OTHER WARRANTIES ARE EXPRESSLY DISCLAIMED. THERE ARE NO WARRANTIES WHICH EXTEND BEYOND THE DESCRIPTION CONTAINED IN THIS INSTRUMENT. CUSTOMER WAIVES THE BENEFIT OF ANY RULE THAT THE DISCLAIMERS OF WARRANTY SHALL BE CONSTRUED AGAINST RPS, AND AGREES THAT THE DISCLAIMERS IN THIS INSTRUMENT SHALL BE CONSTRUED LIBERALLY IN FAVOR OF RPS. RPS SHALL NOT BE LIABLE FOR ANY SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES. RPS HEREBY DISCLAIMS ALL LIABILITIES FOR DAMAGES BASED ON THEORIES OF NEGLIGENCE AND STRICT PRODUCT LIABILITY.

Section VI: Limitation of Liability

THE LIABILITY OF RPS SHALL NOT EXTEND TO PERSONAL INJURY, PROPERTY DAMAGE, LOSS OF PROFIT, DELAY OR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM THE FAILURE OF ANY SHEET TO CONFORM TO THE PROVISIONS OF THIS LIMITED WARRANTY. RPS SHALL NOT IN ANY EVENT BE LIABLE FOR THE COST OF LABOR EXPENDED BY OTHERS ON ANY DEFECTIVE PANEL OR FOR ANY SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES WHATSOEVER WHETHER ARISING FROM BREACH OF CONTRACT, BREACH OF WARRANTY, TORT, INCLUDING NEGLIGENCE, STRICT LIABILITY, OR OTHERWISE TO ANYONE BY REASON OF THE FACT THAT SUCH PANELS SHALL HAVE BEEN DEFECTIVE.

Section VII: Other Terms

No terms or conditions, other than those stated herein, and no agreement or understanding, oral or written, and no course of conduct or performance, in any way purporting to modify this limited Warranty or to waive RPS's rights hereunder, shall be binding on unless the same be clearly set forth in a writing that expressly refers to this limited warranty and expressly refers to having such effect upon this limited Warranty, and is signed by the authorized representative of RPS.

This limited Warranty is extended to Customer as the original purchaser from RPS and is non-transferrable and non-assignable, and may not be enlarged in its scope by any representative, sales person, agent or other employee RPS. No rights against RPS shall be created by any purported transfer or assignment. This provision is a material term of this Warranty and its violation or breach by Customer or any of Customer's agents or representatives shall void and cancel this Warranty for all purposes.

Customer acknowledges that RPS is not the manufacturer of either the metal or the coating warranted herein and agrees that all issues arising from or related to the exceptions set forth herein shall be determined finally and conclusively as to the Customer, by the original manufacturer.

Notwithstanding anything in this limited warranty to the contrary, with respect to PRODUCT, in no event shall the warranty obligations of RPS to Customer exceed the limited warranty obligations of RPS's supplier of PRODUCT (SUPPLIER) extended to RPS (a copy of which will be provided to Customer upon request), and, in the event SUPPLIER is not in legal existence at the time of a Customer warranty claim hereunder, or otherwise fails (for any reason) to make good on its limited warranty obligations extended to RPS with respect to such warranty claim, RPS shall have no warranty obligations to Customer under this limited warranty with respect to such warranty claim.

The substantive law of the State of Florida shall exclusively govern the rights and duties of the parties under this Agreement. All claims and disputes arising under or relating to this limited Warranty are to be settled by binding arbitration in Putnam County, Florida or another location mutually agreeable to RPS and CUSTOMER.

UNDERLAYMENT, CLOSURES, & VENTILATION

Low-E ThermaSheet Insulation/Underlayment

Provides a thermal break between the blazing heat of the sun and your cool air-conditioned house. Low-E ThermaSheet® reduces the temperature below your roof deck which means your house uses less energy and your pockets lose less money!

Low-E ThermaSheet® may be installed directly under shingles, metal roofing, etc. and is ICC approved (ESR-3652) to be used as a stand-alone alternative to felt paper and other traditional underlayments that do nothing to protect your home from heat gain/loss.

Each roll covers 500 sq. ft.

WIP 250HT
WATER & ICE PROTECTION MULTI-PURPOSE/HIGH TEMP

Peel & Stick Underlayment

WIP 250HT is a self-adhearing composite underlayment that consists of fiberglass reinforced rubberized asphalt - laminated to an impermeable film layer - providing dual-barrier moisture protection. Withstanding temperatures up to 250 F° (121 C°), WIP 250HT is ideal for use under metal and mechanically fastened tile roofs - providing unsurpassed protection from water penetration caused by wind-driven rain and ice dams.

- » 62-mil rubberized asphalt, fiberglass reinforced membrane
- » Easy application with split-release film
- » UL Classified, FL #6785, ICC-ES ESR 1556, Miami-Dade Approved, ASTM D1970, International Building Code
- » 180-day exposure time

AlphaProTech

Techno SB®50 Synthetic Underlayment

Techno SB®50 is a 100% syntetic woven roof underlayment offering high-tear strenghts, including a tacky back-side slip resistant coating for added walking traction and a cool gray spunbound, non-woven fabric surface.

- » Non-woven surface with our AQUA TRAK System
- » Slip resistant back surface for added installation safety
- » UV resistant - can be left exposed up to 6 hours
- » 50-year warranty - guaranteed to shed water
- » Pre-printed nailing pattern and overlap lines, speeds install
- » Each roll covers 1000 sq. ft.

UNDERLAYMENT, CLOSURES, & VENTILATION

ProfileVent

Prevents water from blowing underneath the ridge cap while allowing the attic to breathe. Offered in 100 foot rolls in Super Pro 5 Rib, PBR, 5V, as well as Standing Seam panel profiles.

- » Fits under almost any ridge cap
- » One person roll-out installation
- » Glue spots to prevent slipping during installation
- » Fire-resistant material
- » Miami-Dade approved Noa No.: 17-0821.09

3' Vented Strips

Prevents water from blowing underneath the ridge cap while allowing the attic to breathe.

Only stocked for Super Pro 5 Rib panel profile.

- » 3' vented closure strip
- » Custom-cut for snug fit
- » Glue bead for easy installation
- » Moisture and pest barrier
- » Sold per-piece

Snap Z Standing Seam Roof Ventilation

Save time with Snap Z. Pre-punched, so no more drilling holes for your screw. Pre-applied butyl tape and vented material to save time on the jobsite.

- » Pre-cut lengths
- » Pre-punched fasteners
- » Pre-applied butyl tape
- » Foam protected by wire mesh for long-term pest protection
- » Allows for proper attic ventilation
- » Increases crew's efficiency

CLOSURES & SEALANTS

Foam Closures

- » Cut to fit Panel Profile (5 Rib, PBR, & 5V)
- » Inside: Underneath panel and along the eave drip
- » Outside: Underneath ridge cap on top of the panel
- » Ensures weather, bugs, leaves, etc. are kept out from underneath metal roof

Butyl Tape

Butyl Tape (Tacky Tape) is a 100% solid, asbestos free butyl tape sealant in roll form.

Applications include metal roof endlaps, sidelaps, vents, gutters, pipe flashings, and skylights.

- » 45' roll.
- » Available in ½" or 1" widths.

Geocel 2300

Offers excellent adhesion to many building surfaces, even when damp. This UV resistant sealant remains flexible and resealable while able to be applied to itself. May be used on coated steel, concrete, vinyl, steel, and other common roofing substrates.

EMSEAL Expandable Foam Tape

Acrylic Sealant Tape is a self-adhering foam tape impregnated with water-based acrylic-modified asphalt emulsion. Recommended to use on hips, ridges, and valleys.

- » 20' roll.
- » Expands from ¼" to 1"
